IMAGINE A PLACE YOU CAN
LOSE YOURSELF EVERY NIGHT.
Believability is at the very core of our company philosophy. For more than 40 years, Eldorado Stone has been refining the art of architectural stone veneer. When you set your eyes on Eldorado Stone, it looks authentic, natural and—most of all—believable. Take a closer look at Eldorado Stone and you’ll see the difference: unmatched depth and variation of colors, crisp textural details and one of the most extensive selections of stone profiles & colors in the world.
**Nationwide Stone Veneer**

**NATIONWIDE PROFILES** are among our most popular stones and are available coast to coast, transcending geography. Whether you’re remodeling a farmhouse in Pennsylvania, building a lodge in Colorado, restoring a ranch in Arizona or renovating a coastal home in California, there’s a Nationwide profile—or combination of Nationwide profiles—for the job.

**Eastern Regional Stone Veneer**

**THE EASTERN REGION** has a rich tradition of building with stone since colonial times. The abundance of raw materials found in the region benefited the skilled stone masons who immigrated here, particularly those from Scotland, Germany, Italy and the Scandinavian countries. The Eastern Regional Profiles—Mountain Ledge, Country Rubble, Limestone, Shadow Rock, among others—respect the shapes, textures and color palettes of the region.

The product availability includes the Eastern United States and Eastern Canada. Visit [www.eldoradostone.com](http://www.eldoradostone.com) to find your local distributor.

Western Regional Stone Veneer

**THINK OF THE AMERICAN WEST** and what comes to mind? Buildings made of stone that almost blend in with the landscape, sprawling ranch-style homes, coastal cottages and Spanish Revival architecture with breezeways that welcome the elements. Western Regional Profiles capture the shapes, textures and distinctive color palettes found in this diverse landscape.

Snapped-Edge Accents

Snapped-Edge Accents feature irregular edge details and random undulations that look as if they had been hand chiseled on location. Additionally, each accent features subtle yet contrasting color highlights on the surface and edge details for the ultimate natural appearance. Wainscots have a recessed drip edge on the underside to prevent water from returning behind the stone or dripping onto the face of the stone wall. Available in Walnut, Pewter & Sand.

Utility Accents

Utility Accents create a simple yet decorative way of transitioning from the utility to the stone or brick veneer. Available in Taupe, Earth, Smoke & Buckskin (see colors above).

CraftShield

CraftShield is a protective treatment that preserves the intended artistry and beauty of architectural stone veneer while safeguarding the surface from nature’s elements. Designed for use on concrete and most masonry surfaces including Eldorado Stone and Eldorado Brick veneer, CraftShield goes on wet and dries invisible to the eye. It’s low odor and alkaline-stable formula is ideal for both exterior and interior applications and offers 10-Year Protection to help resist staining, spalling, cracking and other damage related to water intrusion.

Eldorado Brick isn’t simply a great building material; it’s a piece of history. Molded from centuries-old European dwellings, every Eldorado Brick has distinct earthen textures, irregular size dimensions, subtle color blends, and Old-World charm. With the ability to make you feel as if you have been transported to another time, the selection of Eldorado Brick brings the warmth and intrigue of history to any space.
Hartford TundraBrick (pg. 78) with a standard grout technique.
The fireplace is quite possibly one of the most dramatic spaces in any home. With the unique power to mesmerize, a fire draws us closer into its warmth. Such beauty and drama beckons for an elegant frame. Eldorado Fireplace Surrounds are handcrafted to create a distinctive one-of-a-kind appearance, normally only found with natural carved limestone. Explore the stylistic array of surrounds, ranging from contemporary to traditional designs.
**ELDORADO FIREPLACE SURROUNDS** are designed to bring elegance and warmth to a variety of architectural styles. It all begins with a proprietary blend of limestone aggregates, minerals, natural pigments and special bonding agents. The material is hand applied layer by layer into the mold, creating natural color and texture variations, guaranteeing no two surrounds are exactly alike. Once the surround is removed from the mold, our skilled artisans hand-finish each piece through a four step finishing process. This one-of-a-kind process creates a highly authentic appearance which would normally only be found with natural carved limestone.

Eldorado Fireplace Surrounds are available in multiple colors and finishes including Honed, Travertine and the more distressed and aged color/finish Antique Castello. Eldorado artisans masterfully distress edge and surface details to recreate the weathered appearance of surrounds often found in classical architecture.

**The Annalisa**

12" x 70.5" x 64" 

Elegance and beauty adorn The Annalisa with its gently sloping arch and detailed carvings. Its scale is designed for larger rooms, perfectly suited for elegant and casual settings alike.

**The Bryant**

8.5" x 68" x 55.5" 

The Bryant is an elegant surround that transcends all design styles with multiple layers of intricate yet linear carvings. The base blocks further enhance its stature and solid stance.

**The Florentina**

9.25" x 69" x 50" 

The simple and classical shape creates the perfect frame for a wide variety of fireplace settings. The 9" mantel depth provides ample area to style to your specific interior design.
The Carmela is layered with visual interest beginning with its plinth block foundation and linear legs framed with a unique bull nose detail. The 11.5” depth mantel provides ample space for decor.
The modern sophistication of The Dylan is evident with its extremely clean lines. The surrounding beveled edges create a distinctive architectural detail. 

The Dylan shown in Aged Teak with Honed Finish.

The pleasing blend of clean lines and detailed carvings invites this surround into both contemporary and transitional settings. The 8” monolithic depth gives way to the deeply carved and symmetrical properties.

The Giada shown in Oyster Shell with Travertine Finish.

The intricate carvings and vaulted opening of The Marrakesh engage the architectural vernacular of both Spanish Revival and elements of Moorish influence.

The Marrakesh shown in Oak Barrel with Travertine Finish.
The grand form of The Palacio will draw you closer with its impressive size and bold stature. The commanding presence will easily become the focal masterpiece of any luxurious space.

The Palacio shown in Antique Castello.

The understated elegance of The Sofia combines both straight lines and flowing curves. The long-established shape works well with traditional settings.

The Sofia shown in Summer Wheat with Honed Finish.

The Soho Boutique is smaller in scale, yet its clean lines imply a sense of luxury and timeless style.

The Soho Boutique shown in Summer Wheat with Honed Finish.

The Valentina will invite a sense of rustic Italian charm into any home. The robust 13” deep mantel paired with two gently sloping pilasters complete its bold presence.

There’s nothing quite like the pleasure of gathering friends and family in your own luxurious outdoor living space. With Eldorado Outdoor, there are a number of ways to create your very own personal retreat ranging from elegant fire bowls to inviting seating walls to beautiful outdoor kitchens. Eldorado Outdoor seamlessly marries design with functionality making it easier than ever to create your memorable space.
OUTDOOR LUXURY MADE SIMPLE, IN JUST 5 STEPS!

ELDORADO OUTDOOR has redefined how to build outdoor living spaces with a collection of strong, yet lightweight building blocks. The blocks quickly assemble into custom barbecue islands, kitchen counters, fireplaces, fire pits and more—ready to be dressed with Eldorado Stone and Brick within hours.
THE BUILDING BLOCKS. Eldorado Outdoor products quickly assemble into a virtually limitless combination of configurations. Each piece is made of glass-fiber reinforced concrete (GFRC) which can be installed on any solid flooring surface without concrete footings or rebar. Eliminated is construction waste and additional time associated with traditional masonry block installations. Eldorado Outdoor products can be assembled in just hours; even cut-outs for custom features such as barbecues, sinks, drawers and burners can be done on-site.

Bronze Shadow Rock (pg. 56) with a dry-stack grout technique.
Because Eldorado Stone replicates natural stone, variations should, and can be expected. Even though
colors in this brochure are as close to the actual stone as possible, photographic and printing techniques —
and actual viewing conditions — can alter perception of color. It is recommended to obtain a sample of
Eldorado Stone before placing an order.

If you would like more information on prices, availability of stone, the name of your local distributor, or
answers to any questions not covered in this brochure, please contact us. We would be happy to assist you
with your stone building plans. Detailed installation instructions, specifications, technical information
and test data is available upon request.
